Miller Vi-Go™ Vertical Ladder Climbing Cable System

System components for the Miller Vi-Go Ladder Climbing System

Overview

Feedback

Miller Vi-Go™ Ladder Climbing Cable Systems provide the ultimate in safety with continuous fall protection when climbing fixed ladders.

Miller Vi-Go™ system is available with Manual or Automatic pass-through brackets and available in easy-to-install kits or as a build your own option.

Features & Benefits:

- Attachment mechanism engineered to prevent incorrect installation – Unit will not open if attached incorrectly
- Cable sleeves integrated shock-absorbing element
- Accommodate up to four (4) workers at a time, 3 for the manual system
- Accommodate 3/8-in. (10 mm) cable

Miller Vi-Go System Kits

- Include all the components needed to install a vertical cable system
- Available with either Galvanized or Stainless Steel components
- Manual or Automatic kits
- Multiple cable lengths available
- *Cable sleeve must be purchased separately*

Build Your Own System– For multiple system installations requiring cutting cable on site

On a job site: exact cable lengths may vary and pre-cut cable length system kits will not meet installation requirements. The solution is to *Build Your Own System* by selecting the following components:

- Top bracket assembly
- Bottom bracket assembly with cable tensioner
- Vi-Go cable guides – automatic or manual –(Minimum one (1) required per 50-ft. [12.2 m] length)¹

- Fast-Attach Fitting for 3/8-in.(10 mm) diameter galvanized steel cable
- Cable
- Vi-Go (Automatic) o VC300 (Manual) cable sleeve

Product Number

SKUs

SKU	Description
150084/RMKIT	Rung Reinforcement
TRBB/	Dual function tensioner
TRTB-10/	Top bracket shock absorber 10ft
TRTB-7/	Top bracket shock absorber 7ft
TRTB/	Top bracket shock absorber 5ft
VGBB-3/8-GS	Universal tensioner - Galvanized Steel
VGBB-3/8-SS	Universal tensioner - Stainless Steel
VGCG/	Automatic intermediate bracket
VGHDW/	Hardware kit
VGMB-3/8-GS	Manual intermediate bracket - Galvanized Steel
