

CONFINED SPACE EQUIPMENT

# Miller DuraHoist™ Portable Confined Space System

The Miller DuraHoist Portable Confined Space System provides safe, lightweight and portable solutions for manhole and confined space entry/retrieval and fall arrest applications.

## Overview

Feedback

### Key Features

Miller DuraHoist Portable Confined Space Systems provide safe, lightweight and portable solutions for a variety of confined space applications, including confined space entry, rescue, positioning and personnel/material handling.

- Lightweight, high-strength aluminum construction for easy handling and long service life
- Modular design adapts to many applications, lowering cost of ownership and providing effective safety solutions
- A variety of portable and fixed bases are available for many confined space applications

### Recommended Industries/Use

- Agriculture
- Construction
- Government
- Mining
- Utilities

### Hazards

- Confined Space
- Fall from height

## Regulations

- Meets all applicable OSHA, ANSI and CSA standards

## Warranty Information

We sincerely believe that our fall protection equipment is the best in the world. Our products endure rigorous test to ensure that the fall protection equipment you trust is manufactured to the highest standards. Miller fall protection products are tested to withstand normal wear and tear, but are not indestructible and can be damaged by misuse. Our Limited Lifetime Warranty does not apply to normal wear and tear or abusive treatment of the product.

In the unlikely event that you should discover defects in either workmanship or materials, under our Limited Lifetime Warranty, we will repair or replace the product at our expense. If a replacement is necessary and your product is no longer available, a comparable product will be substituted. Should a product issue surface, contact us at 800/873-5242.

Manufacturing specifications are subject to change without notice.
